

Everyone loves the oldies.

Spayed or neutered pets live longer and happier lives.

Studies show that the benefits of spay/neuter surgery include a reduced risk of certain types of cancer, improvements in marking behaviors, a decreased desire to roam, and of course, less pet overpopulation in the community. Visit the all new Wisconsin Humane Society Spay/Neuter Clinic. High-quality. Low-cost. Now open. **Call 414-323-6163 or go to wihumane.org for appointments.**
